

A Gentle Self-Check

Check anything that sounds familiar. No judgment — just a clearer picture.

☐ Homework has always felt like a battle

☐ They're working below grade level

☐ Reading is a real struggle

☐ Math confidence is low

☐ They're heading into a new grade

☐ They do better with structure & routine

Noticing early is a strength, not a failure. Summer is the calmest, lowest-stress time to catch up.

Checked a few boxes?

That's worth a conversation, not a worry. CogniTutor is here whenever you're ready to talk it through — no pressure, just a next step if you want one.
